

## Present: Adaptive Project Delivery Strategy 2.0

This event is  
Co-organized with:

The world has changed !

Of the Fortune 500 companies in 1955, **89%** are gone. Only 30% of organization change initiatives met its initial strategic intent. More than 50% of software features developed were not used.

**WHY** so much wastage of resources and time ?

**“Adaptive” begin with MANAGEMENT and the TEAM !**

**Experience** Adaptive Project Team Development to appreciate the dynamics at play, develop and implement effective strategies, reduce WASTE and at the same time lead collaboratively and innovatively to improve project delivery and create VALUE for their organizations.

### Testimonial from Previous Class

I want to thanks Nan Phin and P2P for organizing such a valuable class so that we have a chance to learn new skills set and knowledge which can help our organization to deliver business value and optimize the processes. I have participated the end to end Integrated Project Delivery's case simulation and model development session. It help to build up my confidence and capability in taking up a dynamic role as a project leader. This is a highly recommended class to all project managers who are looking for new project delivery experiences.
