

POWER TO ENGAGE PROJECT STAKEHOLDER

Lead and eliminate the risk of project failure

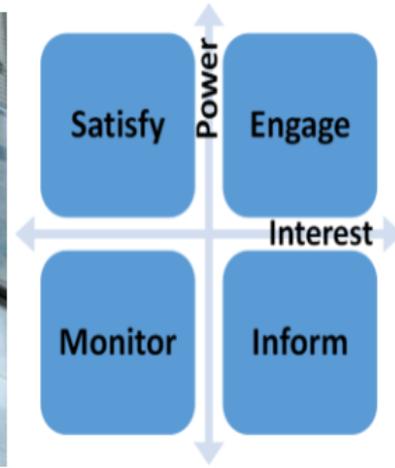

Why was **Project Stakeholder Management** introduced as a NEW KNOWLEDGE AREA to the latest version of PMI Guide to Project Management Body of Knowledge (PMBOK® Guide 5th Edition)?

Why is **Leadership** now a pillar in the PMI Talent Triangle?

The reason is obvious: most projects fail and not due to technical issues. Instead, it is caused by the failure to engage stakeholders to balance their conflicting demands.

If you have these challenges in your project, come to this workshop and explore various approaches to assessing yourself and your stakeholders leadership styles, the nature of communicating and constructively managing conflicts better.

BENEFITS

By the end of this workshop, you should be better able to:

- Identify types of stakeholders and influencing tactics;
- Know your stakeholders personality and communication styles that often are the cause of risk to the project;
- Become more self-aware of personal conflicts and hot buttons that are unique to each person;
- Learn anger styles that feed conflicts and find alternatives to channel it positively so as to influence and motivate stakeholders towards more effective outcomes in stakeholder management.

WHO SHOULD ATTEND?

Project, Program, Portfolio, Functional Managers, Product Owner, Business Analysts or Consultants who find it challenging to manage project stakeholders demands and their expectations.

Date : 13-14 June 2017 (Tue-Wed)

Time : 9.00am – 5.00pm

Venue : Menara PKNS, 15th Floor, Menara PKNS, Jalan Yong Shook Lin, 46050 Petaling Jaya, Selangor.

Inquiry: oneil@mpc.org.my | 016 419 4343
