The Government has released the Draft National Industry 4.0 Policy Framework for public consultation. Technology, knowledge & skill play major roles as transformation drivers. How do the stakeholders, vendors, customers prepare for the transformation and realized it's benefits? What are the supports, incentives in the pipeline available for Malaysia players?

In this 3-hour talk, we will dive into topics on:

- Government's role in developing Industry 4.0 with local players
- Strategy in developing knowledge innovation and talents
- Key challenges and how we could solve this

Who Should Attend:

- Products Vendors
- Systems Integrators
- Government Industry Agencies
- Startups and R&D Managers
- Manufacturing Companies, SME included
