Tech-AI Investment Embracing the Reality

LEARNING FROM THE PAST, AND NAVIGATING FUTURE UNCERTAINTY IN A VOLATILE WORLD

22 NOVEMBER 2023, WED
2:00 PM - 5:00 PM
MDEC BANGSAR SOUTH, KUALA LUMPUR

Brief

In the domain of Tech-AI investments, the global landscape has presented both promising opportunities and challenging hurdles. This half-day forum aims to delve into the crucial elements of AI investment, drawing insights from past experiences, interpreting the current reality, and navigating the uncertainties that lie ahead in a volatile global environment.

Join us for this half-day forum, where we will hear from a panel of practitioners who have been actively involved in technology investment. They will share their insights, lessons learned from their successes and failures, as well as their assessment of the upcoming opportunities and challenges of AI investment. You will also interact with the panellists and other participants from technology companies, start-ups, venture capitalists, or organizations interested in investing in AI. Engage in discussions and exchange your perspectives and insights on the current and future trends of AI investment.

Benefits of Attending:

- Gain a comprehensive understanding of the current tech investment landscape.
- Learn valuable lessons from the past boom and bust cycles of technology!
- Develop informed tech investment strategies that navigate future uncertainty.
- Network with industry experts, potential partners, and fellow investors.
- Stay ahead of the curve in the rapidly evolving AI landscape.

Target Audience:

- Technology companies seeking to leverage AI for innovation and growth.
- Startups developing AI solutions and seeking funding opportunities.
- Venture capitalists and investors interested in the AI sector.
- Organizations exploring the potential of AI integration and its impact on their industries
